

## PRACTICE

"Practice makes the man perfect". The more you practice the more you become perfect...the more you spend time the more you know, the more you go deeper the more you come closer.

Practice helps us to build in the confidence.

A small example... when you start learning guitar the finger tips start paining. Slowly the sensitivity of the fingertip reduces forming calluses and making you more perfect in playing guitar.

Let's think for a moment what do we practice in our life? Hatred /jealousy / anger OR joy / spreading love / helping others. What do we do on daily basis?

Remember, whatever you practice, it will surely leave a mark in your life and you become the master in it. Similar is, with the word of GOD, it talks about many things but what matters the most is what and how we practice.

### 1 John 3:18

**Dear children, let us not love with words or speech but with actions and in truth**

Instead of only listening to the word of God, HE wants us to be the partakers or obeyers of HIS word and not just listeners. Be that person, who proclaim HIS word or speak about HIS mercies.

We don't need to prove to anyone. What's most important is how deeply we are connected to GOD... how much importance do we give to the word of GOD...how deep and strong we are in HIM.

So, friends whatever you practice you become master in it.

Practice the presence of GOD

Practice the word of GOD

Practice the Glory of GOD.

Shalom to all.
