

## WORKING BEYOND

Isaiah 65:24

**Before they call I will answer, while they are still speaking I will hear.**

We might think what does “working beyond” mean?

Is it hope, miracle or a new path?

Let’s dig together deep into it to find...

Everything in this world has a set time/ goal. When you reach that point, where everything slowly starts fading away, knowledge, science, logic, disappear or vanish, in thin air and you see that big FULL STOP in front. You are confirmed that its over...

seconds or minutes later you suddenly see a ray of hope, a thin string to hook our mind to, a pin hole hope to ignite our system.

OR

When you get something more than what we have asked for / when someone listens to more than what we have spoken / when one achieves something more than we deserve...

Yes, you got me right...in both ways it is "working beyond".

HIS thoughts are not our thoughts; HIS ways are not our ways because HIS ways are higher as heavens...

Do you know who this person is?

HE is none other than OUR MIGHTY LIVING GOD who is still at work. No holidays, no vacation, no sleep over, no break, no stop over. HE is on it, to work beyond the things of the world. The secret things belong to LORD, and the things revealed belong to us.

**Keep looking for things when HE is “working beyond” in your life.**

**Next could be your turn...:)**

**Shalom to all!**
